

ABOUT THE STATE

Happenings of Interest from Different Sections.

House-to-house delivery of mail commences in Northfield July 1.

Five thousand feet of sewer pipe is being laid in Springfield at a cost of \$10,000.

Miss Clara Coleman of Lyons, N. H., has been engaged as domestic science teacher in the Rutland high school for next year at a salary of \$1,000.

Henry Parker of West Charleston died June 24 at a hospital in St. Johnsbury of blood poisoning, resulting from stings received as he was working in the cemetery a week before.

Rev. E. C. Hayes, who resigned last Sunday as pastor of the Congregational church in Greensboro, has accepted a call to the pastorate of the Congregational church in Waterbury and will begin his duties there Aug. 10.

Miss Mabel Kelley of Ballston Spa, N. Y., has been engaged as home demonstrator agent of Caledonia county. She will make her headquarters at St. Johnsbury and will begin work in the county July 1.

Wesley H. Douglass has resigned as principal of the junior high school in Burlington and has accepted a position as superintendent of the school district of Whitefield, N. H., at a salary of \$3,000 a year. He will begin his new duties Sept. 1.

The alumni of the Brattleboro high school are to place a bronze tablet in the main room of the school building in memory of the eight former students who gave their lives in the service of their country.

Kingdom Rogers, 15, and David Rudnik, both of New York City, were held in Bennington the first of the week, after the police of that town had received a telegram from the former's mother, Mrs. Lillie Rogers, stating that her son had run away from home. It seems that the Rogers boy did not pass his examinations in school and became despondent and that he and his friend set out for Canada, where they intended to join the aviation corps. Mrs. Rogers prevailed upon her son to give up the scheme and he returned with her to New York.

The underwear factory of the H. E. Bradford Co., Inc., in Bennington, was shut down this week for the first time in 15 years, and probably for the first time in its history by a strike among the employees, who demanded an increase of 15 per cent in wages. The company was employing 275 men and women in all its departments. During the week the factory kept on running full time, giving the employees steady work, while other factories were discharging men, and for this reason the employees are inclined to resent a strike at the present time.

Hollis Williams, four-year-old son of Mr. and Mrs. Fred V. Williams of Hardwick, is expected to recover, although in a serious condition following an accident in which he was run over by the automobile of G. O. Kimball. Mr. Williams and his son were riding on the running board of the Kimball car, Mr. Williams carrying a pair of milk, and when they reached home both stepped from the running board, but the boy fell in such a way that the rear wheel passed upwards on his body from the waistline over the ribs and head, not injuring the head except bruising it, but breaking a number of ribs and crushing his chest. He is at the hospital and for several days his life was despaired of. He will be confined to the bed for a long time.

PEAR AND CHERRY PEST.

Insect Attacks Leaves and Eats Upper Surface Tissues.

A rather uncommon and serious pest of pear and cherry trees is prevalent this year. The creature is a soft bodied, smooth skinned, black and shiny insect, larger at one end than the other. It is a biting insect and eats the upper surface tissues from the leaf, leaving the bare framework. A number of instances where these insects are prevalent have been reported to Prof. M. H. Cummings, horticultural specialist for the university extension service of the University of Vermont, and it appears that the pest is quite abundant this year. This note is issued as a warning to people who have pear and cherry trees to inspect them and if the pest is found remedial measures should be taken at once. Since there is a good deal of pears this year, it is important that the foliage be retained in good condition.

When only a few slugs are present the easiest method is to dust the trees with fresh slacked lime. It is well to make this application early in the morning when the foliage is moist with dew so as to retain the mixture for some time. One or two applications should prove sufficient if the lime adheres well. Where the insect is prevalent in large numbers the use of arsenicals, such as arsenate of lead at the rate of four pounds to one hundred gallons of water applied when the foliage is dry, will destroy the creatures promptly.

OLD FALSE TEETH
Even if broken, we pay from \$2.00 to \$25.00 per set. Cash for Crowns, Bridges, Gold, Silver, Platinum. Cash by return mail. Goods returned if prices unsatisfactory. Berner's False Teeth Specialists, 22 Third Street, Troy, N. Y. 6512*

REPORT OF WASHINGTON CO. COW TESTING ASSN.

Highest Cow in Association Owned by A. T. Smith & Son, Barre—She Produced 2,120 Lbs. Milk.

The following is the report of the Washington County Cow Testing association for the month of May:

In the month of May there were 36 cows making more than 40 pounds of butterfat or 1,000 pounds of milk.

The highest cow in the association was a seven-year-old registered Holstein owned by A. T. Smith & Son of Barre, which produced for the month 2,120 pounds of milk, with a test of 33, making a total of 70 pounds of butterfat. She received a ration of 28 pounds mixed clover hay, 12 pounds mixed grain, and a few pounds of cattle feed per day.

Many farmers are feeding grain to help out with the pastures. The mixed ration suggestion for dairy cows on pasture is 100 pounds ground oats, 100 pounds ground barley, 100 pounds bran, 200 pounds gluten feed.

The cows making over 40 pounds of butterfat or 1,000 pounds of milk are as follows:

IMPORTS ON INCREASE.

And Exports Showed a Marked Falling Off.

St. Albans, June 28.—The total imports in the customs district of Vermont for the month ending May 31, showed an increase of nearly \$300,000 over the corresponding month of last year and the exportations showed a decrease of nearly \$200,000, according to the statement issued by Collector H. C. Comings.

The importations for the month were \$3,018,821, as compared with \$3,812,306 the corresponding month last year, and the exports amounted to \$4,809,254, compared with \$6,607,195 in May, 1918.

The duties collected were \$34,138.13, while in May, 1918, they were \$64,120.31. The free merchandise imported amounted to \$2,740,025, compared with \$3,411,321 last year. The value of the dutiable merchandise was \$287,596, and in the corresponding month last year was \$400,985.

Domestic merchandise exported amounted to \$4,144,689, compared with \$5,799,618 in May, 1918, and the exportation of foreign merchandise was \$164,565, as compared with \$607,577 in the corresponding month last year.

THE MORGAN HORSE CLUB
Offers \$25, \$15, and \$10 for first, second and third prizes, respectively, for the shortest and most appropriate motto to be used by the Club. The executive committee will act as judge. Mottoes to become the property of the Club. All answers must be in the hands of secretary by Sept. 1, 1919. Winners to be announced at Tenth Annual Meeting of The Morgan Horse Club, to be held at Vermont State Fair, White River Junction, Vt., Sept. 11, 1919. For all other particulars, address C. C. STILLMAN, Sec'y, 3 East 44th Street, New York.

NOTICE TO PUBLIC
I hereby notify the public against harboring my wife, Hazel St. John. And after this notice, I will not be responsible for any contracts by her. FRED ST. JOHN, Barre, Vt., June 27, 1919.
